

Risk Management Strategies: Oral Health Therapists

Reading time:

Jayson Nagpiing

Date created: 15/08/2023

Tags: [Article](#) | [Dental Practitioner](#) | [Medical Records and Reports](#)

This webinar will equip you with practical advice on assessing your scope of practice, gaining informed consent, and implementing risk management strategies to minimise potential claims, complaints, or investigations.

Audience

This event primarily caters to the needs of Oral Health Therapists, but we warmly welcome any MIPS member interested in exploring this topic further to attend. Please feel free to share this invitation with your colleagues if you believe they would gain value from attending.

Learning outcomes

At the end of this session, participants will understand:

- Assess your scope of practice in oral health dentistry confidently, aligned with the Dental Board's guidelines.
- Explore different approaches to obtaining informed consent.
- Implement ideas to minimise clinico-legal risks in your everyday practice.
