Dealing with the issue of tooth extraction can be tricky, particularly for inexperienced practitioners.

Are there other options and what are the risks to consider in discussions with your patient?

In this webinar, Dr Clausen will discuss the common mistakes many dentists can make with tooth extraction and how different scenarios can lead to complications and complaints. The session will cover the issues of :

- Dental Board Code of conduct
- Further guidelines of note
- Extractions- what are the risks?
- Case studies
- Risk management

## Presenter

Dr Gerard Clausen is a dentist specialist in Prosthodontics and a dento-legal adviser at MIPS. Dr Clausen has a long standing interest in risk management in dental practice and is a renowned presenter.

The webinar was recorded in Melbourne in March 2017 and runs for approximately 59 minutes. To obtain a Certificate of Attendance and 1 hr CPD you must view the entire webinar and complete a feedback form. You may pause the video but you cannot track forward or back.
