The face of modern dentistry is changing and more than ever, dentists are required to keep up to date with public demand. A number of contemporary issues are covered in this webinar so you don't get caught off guard in your practice! Dentistry is evolving with new technologies , new strategies, new marketing, increased competition and new risks.

Presenter

Presented by Dr Alison Sahhar, qualified general dentist who has been involved with the Australian Dental Association Victorian Branch (ADAVB) previously serving as Chair of the recent graduates and students' committees as well as a member of the CPD committee

Learning outcomes

- Improve your understanding of contemporary dental practice
- How to handle and manage certain procedures to ensure patients are satisfied with the level of treatment and after care
- Develop various strategies for you and your practice to minimise the risk of complaint and investigation

To obtain a Certificate of Attendance you must view the entire webinar and complete a feedback form. You may pause the video but you cannot track forward or back.
