This webinar is for all dental practitioners and especially those with a special interest in endodontics and will take approximately 1 hour to view . The content is designed to improve your understanding of this practice and articulate some key components of safely delivering such healthcare, as well as the various elements to consider to minimise your risk .

## Learning outcomes

- Improve your understanding of endodontic practice
- Increase your knowledge of certain endodontic procedures
- Develop strategies to minimise your risk of complaint, claim and investigation

## Presenter

Dr Ikram is a Specialist Endodontist and practice owner of Specialist Endo Crows Nest (based in Sydney's lower North Shore). He is also a Specialist Endodontist at Sydney Dental Hospital and current ASE NSW President.

Dr Ikram completed his BDS in 1997 at Otago University and worked for approximately 10 years as a general dentist in New Zealand and England. His interest in Endodontics lead him to study a Masters of Clinical Dentistry in Endodontology at Kings College, UK and a Membership of Restorative Dentistry from the Royal College of Surgeons Edinburgh.

To obtain a Certificate of Attendance you must view the entire webinar and complete a feedback form. You may pause the video but you cannot track forward or back. Dental CPD - 1 hour
