Applying for your desired position necessitates a methodical and determined approach. How do you put yourself in the best possible position to get the job you want? In this session, Prof Brian Wood provides his insight specifically for junior doctors imparting information to maximise your chances in a medical interview. The webinar imparts our knowledge and expertise on how to best prepare for an interview and techniques to excel during the interview.

Learning outcomes

At the end of this webinar, participants will be able to:

- Prepare for an interview
- Handle themselves during an interview
- Draw on common interview scenarios and questions

Prof Brian Wood - Geriatrician consultant and senior staff specialist at Redland Hospital.

Prof Wood has previously been involved in postgraduate training and development at a high level. He currently provides a range of educational services to the RACP and has experience in pre-vocational training.
