

Professional Boundaries in Healthcare

Reading time:

Renzo Varela

Date created: 18/02/2022

Tags: [Webinars](#) | [Medical Practitioner](#) | [Dental Practitioner](#) | [On Demand](#) | [Medical Records and Reports](#)

This webinar will focus on the Ahpra code of conduct requirements, specific regulator sexual boundaries guides, various College guides, and the relevant laws in Australia. We will explain how MIPS may (or may not) assist you in such matters when it comes to your delivery of healthcare.

Our expert panel consisting of Kellie Dell'Oro, Meridian Lawyers and Dr Mark Carswell, GP and MIPS medico-legal adviser will discuss some key case studies so we encourage reading the cases of studies before watching the webinar.

Learning outcomes

At the end of this webinar, participants will be able to:

- Identify behaviours and incidents where breaches of professional boundaries are at play.
- Discuss the potential consequences of boundary breaches with patients, colleagues and stakeholders.
- Manage personal risk factors to reduce medico-legal risk in professional boundaries.
