

Working as an independent medical expert: your roles, responsibilities, and liabilities: Pre-webinar Educational Activity

Reading time:
Last Modified on 21/05/2024

This Educational Activity (EA) CPD task consists of Part A (Critical Reading section) and B (Critical Appraisal):

Part A – Critical reading section

From the standpoint of evidence-based medicine, critical reading is an instructional tool that develops healthcare professionals' clinical competence by enhancing their metacognitive skills, self-efficacy and culturally situated perspectives.

In this pre-webinar activity, we invite you to read the article by Kelly, A. M. (2019). Medical experts and evaluations of the standard of care in medical litigation—strengths, weaknesses, and potential improvements. *J. Law Med*, 27, 455-71 and complete a critical appraisal assessment.
