

# Demystifying Family Law in Medicine and Dentistry

Reading time:

MIPS Education

Date created: 22/08/2024

Learn how to handle common family law issues that can arise when providing healthcare to children and how to stay compliant with your legal obligations to ensure the best outcomes for children and their families.

Our webinar will cover critical topics, including:

- Effective responses to subpoenas.
- How to prepare and give evidence in court proceedings.
- How to navigate important issues such as children's consent and Gillick competence.

Recent cases will be used to highlight key points.

## Learning outcomes

At the end of this webinar, attendees will be able to:

- Outline what is expected of healthcare practitioners when responding to subpoenas, presenting evidence in court proceedings, dealing with children's consent, parental orders, and in cases involving Gillick competence considerations.
- Discuss clinical scenarios where you are asked to assist family lawyers in their practice.
- Plan effective strategies to enable informed decision-making and proactive management of issues involving family lawyers within medical and dental practice.
