

The Year in Review: Medical and Dental Indemnity in 2024

Reading time:

MIPS Education

Date created: 13/12/2024

As we close out the year, join us for a comprehensive webinar exploring the key developments and trends that shaped the medico-legal landscape in 2024.

We'll highlight recent legislative changes, major disciplinary decisions, and emerging trends in indemnity insurance, offering clear insights into policy updates and practical risk management strategies.

Learning outcomes

By the end of this session, you will be able to:

- Recognise how emerging trends in medical and dental indemnity affect clinical practice and risk management.
- Discuss recent legislative and regulatory changes, summarising their impact on indemnity insurance for better compliance and informed decision making.
- Develop actionable risk management strategies to reduce medico-legal risk.
