

Medico-legal Trends for FY25

Reading time:

MIPS Education

Date created: 11/06/2025

Join us for an engaging panel discussion where we dive into the most important medico-legal developments and trends from the first half of 2025.

We'll explore legal cases, trends and regulatory reforms across the industry, including in use of AI scribes, employment law matters, prescribing obligations, clinician wellbeing and telehealth.

Learning outcomes

By the end of this session, you will be able to:

- Discuss key medico-legal developments and their impact on professional responsibilities and clinical practice.
- Identify medico-legal guidelines and best practices pertaining to prescribing, use of AI scribes and telehealth.
- Develop practical insights and strategies for mitigating risks and addressing ethical, legal, and regulatory challenges related to emerging technologies and regulatory frameworks.
